Illustrating HIV/AIDS in the United States

Atlanta, GA

2015 Update
AIDSVu is a compilation of interactive, online maps that allows users to visually explore the HIV epidemic in the U.S. alongside critical resources such as HIV testing and treatment center locations.

AIDSVu’s mission is to make HIV prevalence data widely accessible and locally relevant.

AIDSVu provides users with an intuitive, visual way to connect with complex information about persons living with an HIV diagnosis at national, state and local levels.
National, State, and Local Maps

- Persons living with an HIV diagnosis by state, county, ZIP Code, census tract, and neighborhood
- Persons newly diagnosed with HIV by state and county, year-by-year
- Social determinants of health (e.g., poverty, insurance, education)
- HIV transmission modes

Service Locators

- HIV testing and treatment center locations
- NIH-funded HIV Prevention, Vaccine & Treatment Trials Sites
- Housing Opportunities for People with AIDS
• City and state demographics
• HIV prevalence rate ratios by race/ethnicity
• HIV transmission modes, late diagnoses and mortality data
• HIV/AIDS federal grant funding and programs
• STD quick facts
• Website links for city- and state-level HIV/AIDS resources
HIV Testing Site Locator

- CDC National Prevention Information Network
- Search by ZIP Code or city & state

HIV Treatment Site Locator

- Ryan White HIV/AIDS Medical Care Providers
- Search by ZIP Code or city & state

Downloadable Resources

- Slide decks with high-resolution maps
- Data sets
AIDSVu: Supporting the National HIV/AIDS Strategy

- Prevent new HIV infections
- Improve linkage to prevention, care and treatment
- Reduce HIV-related health disparities
Rates of Persons Living with an HIV or AIDS Diagnosis, by ZIP Code, Atlanta, 2012

Notes. Rates include persons living with an HIV or AIDS diagnosis in Clayton, Cobb, Douglas, DeKalb, Fulton, and Gwinnett Counties at the end of 2012 and who were reported as of 12/31/2014. Data have not been adjusted for reporting delays.

Data Source: Georgia Department of Public Health, Division of Health Protection, Epidemiology Program, HIV/AIDS Epidemiology Section.

* Data are not shown to protect privacy because of a small number of cases and/or a small population size.

Notes. Rates include persons living with an HIV or AIDS diagnosis in Clayton, Cobb, Douglas, DeKalb, Fulton, and Gwinnett Counties at the end of 2012 and who were reported as of 12/31/2014. Data have not been adjusted for reporting delays.

Data Source: Georgia Department of Public Health, Division of Health Protection, Epidemiology Program, HIV/AIDS Epidemiology Section.
Rates of Black Persons Living with an HIV or AIDS Diagnosis, by ZIP Code, Atlanta, 2012

Notes. Rates include persons living with an HIV or AIDS diagnosis in Clayton, Cobb, Douglas, DeKalb, Fulton, and Gwinnett Counties at the end of 2012 and who were reported as of 12/31/2014. Data have not been adjusted for reporting delays.

Data Source: Georgia Department of Public Health, Division of Health Protection, Epidemiology Program, HIV/AIDS Epidemiology Section.

* Data are not shown to protect privacy because of a small number of cases and/or a small population size.

Data Source: Georgia Department of Public Health, Division of Health Protection, Epidemiology Program, HIV/AIDS Epidemiology Section.
Caveats & Limitations of AIDSVu Maps

- Data on AIDSVu may differ from data released in state and local HIV surveillance reports.
- Maps are inclusive of incarcerated persons and should be interpreted with caution.
- AIDSVu maps do not reflect undiagnosed cases.
- Caution should be exercised when comparing maps because the scales change when viewing data overall and by race/ethnicity, sex and age group breakdowns.
Additional Resources

For maps of state-level data that include HIV and other sexually transmitted infections (STIs), visit the CDC’s National Center for HIV/AIDS, Viral Hepatitis, STD and TB Prevention (NCHHSTP) Atlas: www.cdc.gov/nchhstp/atlas/

For additional state health facts and HIV/AIDS policy fact sheets, visit the Kaiser Family Foundation’s website: www.kff.org/hivaids/index.cfm
